CIRCULAR

Evaluation of MPhil/PhD Course Work 2017-18

- I. A MPhil/PhD research scholar has to obtain a minimum of 55% of marks or its equivalent grade (B⁺) in the course work in order to be eligible to continue in the Program and submit the thesis.
- II. The Continuous Internal Evaluation (30 Marks) in a theory course shall comprise of:
 1. Written tests (at least two);
 2. Assignments/annotated bibliographies/review papers (at least one);
 3. Presentations/seminars (at least one).

Each component is of 10 Marks

- III. In case a research scholar fails in the Continuous Internal Evaluation, he/she shall be declared as fail in the Continuous Internal Evaluation in the said course and shall not be allowed to appear in the Semester-End examination of that course. Such a research scholar shall, however, be permitted to appear in the next semester-end examination only if he/she has passed the Continuous Internal Evaluation in the concerned course.
- IV. The course work should be completed in the initial first two semesters failing which his/her PhD registration shall automatically get cancelled. For this purpose, the two successive examinations conducted after the admission of the research scholar, and for the batch of research scholar of which he/she belongs to, be counted.
- V. The Evaluation of PhD course work shall be based on the absolute grading method as the provisions of Examination Regulations under CBCS of MANUU subject to the provisions clause 15.2.

For further details, all concerned are advised to refer to *Examinations Regulations under CBCS and MPhil/PhD Regulations 2017*. All the regulations are uploaded on MANUU website and can be accessed from there.
