Cong asks IT Dept to probe into assets of TRS MLAs

Hyderabad, May 6 : Welcoming the notices sent by the Income Tax Department to over 40 TRS MLAs, including Chief Minister K. Chandrashekar Rao, seeking explanation into huge rise in their assets in the last 4-5 years, the Congress party demanded that the IT Department conduct a detailed probe into the issue.

"There is no doubt that many ruling TRS MLAs have accumulated huge wealth through illegal means and their assets were disproportionate to their know sources of income. The IT Department should either conduct a high-level probe or recommend CBI or judicial enquiry into the swindling of public money by the ruling party legislators," Telangana Pradesh Congress Committee (TPCC) Treasurer Gudur Narayana Reddy said in a media statement on Monday.

Narayana Reddy pointed out that KCR fam-

ily and other TRS MLAs have earned huge wealth in very a short time. "KCR family has officially entered the Rs. 100 Crore Club. KCR's is apparently the only family to have earned assets of more than Rs. 100 Crore without actually doing any known business. Entire world knows that KCR and all his family members are full time politicians. But all five family members who are in politics have earned huge assets without actually doing any business," he said.

As per the latest affidavits filed by KCR and his family before the Election Commission, they have declared assets of Rs. 111.54 Crore. They include Chandrashekar Rao - Rs. 23.55 Cr; K. Taraka Rama Rao - Rs. 41.82 Cr; T. Harish Rao - Rs. 11.44 Cr; Kavitha - Rs. 17.93 Cr and J. Santosh Kumar - Rs. 16.80 Crore.

While Telangana movement was at its

peak, KCR was increasing his assets. He's continued that earning spree even now. His assets increased from just Rs. 85.95 lakh in 2004 to Rs. 23.55 Cr by December 2018. Therefore, KCR's assets have increased by 2,638% since 2004. While three members of the family (KCR, KTR and Harish Rao) cumulatively increased assets of Rs. 18.81 Cr from 2009-2014, their fourth member (K. Kavitha) joined them in 2014 and their cumulative assets increased by Rs. 62.46 Cr in the last 4-5 years. At this pace and also the addition of another member (Santosh Kumar), one can expect the KCR family to add another Rs. 100 Cr or more assets in the next five years, he said.

Reddy pointed out that KCR had assets of Rs. 85.95 lakh in 2004.

They increased to Rs. 2.26 Cr in 2009; Rs. 15.15 Cr in 2014 and Rs. 23.55 Cr in 2018.

EC clean chit to PM Modi in two more cases: Sources

New Delhi, May 6 : The Election Commission has given clean chit to Prime Minister Narendra Modi in two more cases, sources aware of the development said Monday.

The Congress had alleged that he held a "roadshow" in Ahmedabad on April 23 and the sources said the commission has concluded that Modi did not violate the model code and the election law.

They said that the commission has also cleared Modi for his April 9 speech at Chitradurga in Karnataka where he had reportedly asked new voters to dedicate their vote for the heroes of the Balakot air strike.

On the same day, he had made a similar appeal in Ausa in Latur district of Maharashtra. The EC had given a clean chit to him in that case as well, but

one of the election commissioners had given a dissenting view in the matter. Though the commission has so far not made the two decisions public, with these decisions, Modi has been given a clean chit in eight matters. The poll authorities in Gujarat are learnt to have maintained that prima facie no violation was found. The Congress had moved the EC alleg-

ing that Modi took out a "roadshow" after casting his vote and made political remarks in violation of the Model Code of Conduct. After casting his vote in Ahmedabad, Modi walked some distance from the polling booth and interacted briefly with media persons. Earlier, the EC had cleared six speeches of Modi, two of Shah and one of Congress chief Rahul Gandhi.
