Draft for hassle-free exhibitions, events: CS

Hyderabad, April 16 : Chief Secretary SK Joshi today said a draft plan will be ready to accord permissions from several departments to hold festivals, exhibitions and meetings in the State.

The Chief Secretary held a high-level meeting at Secretariat today and asked the officials to prepare a perfect draft plan

to give permissions to several programs. He instructed the officials to coordinate and ensure speedy permissions to any sort of meetings, functions and exhibitions in the State. Managers or those involved in the programs should give self certification to obtain necessary permissions, he said. The gov-

ernment will give instructions on holding similar events or programs at permanent buildings and temporary buildings. These programs will be categorized and suggestions will be given on operation protocol and norms to be followed for the same. He also said the police officials will hold field level checkups

for smooth and peaceful conduct of the events. For programs like fish prasadam and Numayish or industrial exhibition in Nampally, the departments will coordinate and give guidelines for smooth conduct of such events. Proforma of permissions will be easy and hassle-free with a focus on security to people, he added.

Goa BJP gov't performance below average: ADR

New Delhi, April 16 (GNS) : The BJP government in Goa performed "poorly and underwhelmingly" on almost all governance parameters important for voters, including employment, sanitation, healthcare and food prices, according to a report by the Association for Democratic Reforms (ADR).

"The Goa Survey Report 2018 points to the fact that voters' priorities in Goa have been neglected by the government in power. This is quite clear from the fact that the government has performed poorly and underwhelmingly on a majority of top 10 governance issues as rated by the voters of Goa," the survey, conducted between October and December 2018 and released on Tuesday, said.

According to the report, employment, better gar-

bage clearance and lower food prices for consumers were top priorities for voters across the state who voted the government's performance as "below average" on all three. In rural areas, the concerns were employment opportunities, food prices and better healthcare, and the government performed below average on these as well, the report said. It scored 2.66 on a scale of 5 on employment, 2.56 on food prices for consumers and 2.65 on availability of better hospitals and primary healthcare centres, it said. "In addition, the government has performed poorly on better public transport (2.46) and better garbage clearance (2.5) in rural Goa." According to the survey, employment, traffic congestion and garbage clearance were major concerns for urban voters.

Tol, Sakal, Doon, Sanskriti, orphanages caught in IL&FS maelstrom

New Delhi, April 16 (GNS) : The mass outbreak of the baleful IL&FS bonds virus is engulfing more and more entities with the passing of each day. With NCLAT scheduled to hear the case again on Tuesday and some element of a consensus evolving on whether repayments of Provident and Pension Funds should be prioritised, working class people from 1,400 firms amounting to Rs 9,700 crore of their lifelong hard work are waiting with bated breath for any sort of direction from the tribunal.

Over the last couple of days, news agency has been writing about how salaried employees of blue chip public and private sector firms are stranded with their life's savings pledged with these funds which have exposure to what were once 'triple A' rated bonds. The contagion now a full fledged pandemic has touched the government's flagship National Pension Scheme, academic institutions and MNCs. Thousands of employees, both blue and white collar, are awaiting salvation on this dark road to perdition.

Now, news agency learns that media and advertising entities too haven't been spared by this widespread virus. The Times of India Provident Fund has many entries of Rs 12.95 crore, Rs 5.40 crore, Rs 2.95 crore and other amounts, just as BBC Worldwide India staff provident fund has exposure.

Similarly, Pune-based Sakal Papers Ltd and Kerala-based Mathrubhumi EPF too have their funds exposed to the bonds. Ditto for publishers Oxford University Press, ad agencies Hindustan Thompson, McCann Erickson and R.K. Swamy Advertising Associates PF. Perhaps the biggest travesty is the long list of orphanages and hospitals who have exposure - for instance the celebrated Breach Candy Hospital Trust Staff PF or the J.N. Petit Parsi Orphanage PF, Hindustan Charity Trust PF, Seamans PF, Bombay Scottish Orphanage EPF and New Delhi Holy Family Society EPF. One of India's largest co-operatives IFFCO has multiple entries as IFFCO EPF and as IFFCO-Tokio General Insurance (ITGI). Equally Khadi Gramodyog Sangh EPF, Southern Railway Employees Credit Coop Society are also named in the MCA supplementary affidavit. The prestigious Doon School EPF trust and the elitist Sanskriti School for government servants' children too are named.

Raids on businessmen in Karnataka for tax evasion

Bengaluru, April 16 (GNS) : Teams of Income Tax (I-T) sleuths raided certain businessmen in Bengaluru, Hassan and Mandya in Karnataka on credible information of tax evasion on undisclosed income and assets, an official said on Tuesday.

"The searches being conducted on Tuesday

are based on credible intelligence that certain businessmen have earned income not disclosed for tax and are in possession of undisclosed assets," the tax official said in a statement here.

The raids were on 5 residences at Hassan and one residence each at Mandya and Bengaluru.

Hassan is 180 km northwest of Bengaluru while Mandya is 100 km southwest of the state capital. The raids coincide with the last day of campaigning for the first phase of the Lok Sabha elections in 14 constituencies in the state's central and southern regions on April 18. "The non-tax-

operations are engaged in the business of real estate, quarrying and stone crushing, executing government contracts, running petrol bunks and saw mills and managing cooperative banks.

"These are the sectors which are prone to generation of black money,"

the statement said. The tax raids resumed a day after the ruling Congress and Janata Dal-Secular (JD-S) wrote a joint letter to the Election Commission seeking the transfer of Income Tax Director-General for Karnataka B.R. Bakrishnan from Bengaluru for carrying tax raids on their leaders, contractors and trad-

ers close to them. "In view of the partisan tax raids on our political leaders, their relatives, contractors and traders ahead of the Lok Sabha elections in the state on April 18, Bakrishnan has to be transferred outside the state," said the allies in a joint letter to Chief Electoral Officer Sanjiv Kumar here.

Workshop on Examination Reforms at MANUU Another robber held under PD Act

Prof. Sajid Jamal addressing, Dr. Mohammad Aslam Parvaiz and teaching faculty in the audience.

(By SP Bureau) Hyderabad: A workshop on "Examination Reforms" was organized today by the Examination Branch of Maulana Azad National Urdu University (MANUU) in coordination with Internal Quality Assurance Cell (IQAC), MANUU. Dr. Mohammad Aslam Parvaiz, Vice-Chancellor, in his inaugural address

amination & Evaluations". Dr. M. Kamil, Additional CoE in his power point presentation discussed about the "Model Marking Scheme". Prof. S. Kazim Naqvi, Director, CIT highlighted the procedures for displaying answer scripts. Faculty members from all departments of MANUU attended the workshop.

Congress alleges rigging of LS polls by EC in TS

Hyderabad, April 16 : The Congress party has alleged that the Lok Sabha elections, held in first and single phase in Telangana State on April 11, might have been officially rigged.

Addressing the media at Gandhi Bhavan on Tuesday, TPCC official spokesperson Syed Nizamuddin has accused the EC of tampering with the polling figures to benefit the ruling TRS. "The difference between the polling percentage till 5 pm and Final Voter turnout is huge, Election authorities might have adjusted the figures to suit the requirement of TRS," he alleged. The Congress

leader also displayed two different video clips pertaining to Telangana wherein some unidentified people are seen taking away EVMs in an autorickshaw and a car. He said many such clips of private individuals possessing EVMs are in circulation in social media.

While this clearly strengthens suspicion that EVMs have been manipulated, the silence and inaction of Election Commission on such complaints proves that the elections were officially rigged. "If Election Commission doesn't want to hold polling in a fair manner, then it should directly give winning certificate to

the candidate of ruling party immediately after filing nomination. It need not enact the drama of holding polls by wasting hundreds of crores of public money and everyone's time," he said.

Nizamuddin demanded that the Election Commission place booth-wise and hour-wise figures of polling for all 17 constituencies in public domain. He said these figures should be cross-checked with the CCTV footage of polling stations and they must match with the votes to be counted in EVMs. In case of any mismatch, there should be re-polling in the entire constituency.

4 of 44 MPs in LS polls 2nd phase asked no question

New Delhi, April 16 (GNS) : According to an official data, only four of the 44 sitting candidates contesting in the second phase of the Lok Sabha elections had asked zero questions in the Parliament, including Janata Dal (Secular)'s H.D. Deve Gowda. A total of 97 Lok Sabha constituencies across 12 states go to the second phase of the general elections on Thursday.

Apart from Deve Gowda, BJP's Yashwant Singh elected from Uttar Pradesh's Nagina; Congress' K.H. Muniyappa, elected from Karnataka's Kolar; and All India Trinamool Congress' Bijoy Chandra Barman, elected from West Bengal's Jalpaiguri, did not ask any questions in the House.

"The four did not move any Private Members' Bill," according to the data shared by PRS Legislative Research.

On the other hand, the highest number of questions among the 44 MPs were asked by Shiv Sena's Anand Rao Adusl. Adusl asked 1,062

questions in the Lok Sabha between June 1, 2014 and February 13, 2019, it said. With 906 questions, Congress MP Ashok Shankarrao Chavan, elected from Maharashtra's Nanded, came second in the list in terms of questions. All India Anna Dravida Munnetra Kazhagam's J. Jayavardhan, elected from Tamil Nadu's Chennai South, asked 816 questions in the House, according to the data. Congress' Biren Singh Engti, elected from Assam's Autonomous District, raised only one question in the House.

Among the 44 MPs, four were Ministers in the Cabinet. D.V. Sadananda Gowda, Jitendra Singh, Jual Oram and P. Radhakrishnan were representing the government in the House. The 97 constituencies across Assam, Bihar, Chhattisgarh, Karnataka, Jammu and Kashmir, Maharashtra, Manipur, Odisha, Tamil Nadu, Tripura, Uttar Pradesh, and West Bengal go to polls in the second phase.

Another robber held under PD Act

Hyderabad, April 16 : City Police Commissioner Anjani Kumar, IPS, issued P.D. orders against Chintamalla Praneth Chowdhary alias Many, 25, a robber under Bhavaninagar Police Station limits on April 4. Police said the accused a native of Noida, Uttar Pradesh, temporarily resided at Mohan Lodge, Kachiguda, committed robberies along with his associates in an organized manner in the limits of Rachakonda Police Commissionerate to make easy money and lead a lavish life. He had committed 11 offences in the recent past under Rachakonda Police Commissionerate and he has been creating large scale fear and panic among the general public, thereby adversely affecting the public order, apart from disturbing the peace, tranquility and social harmony in the society. Bhavaninagar police nabbed the accused and his associates on January 9 and recovered robbed gold chains and remanded to judicial custody. The Preventive Detention Order was executed on him on April 5 and was lodged in Central Prison, Chanchalguda.
